Safety made simple

Lucas Warning & Safety, a division of leading electrical aftermarket specialists **Lucas Electrical**, has introduced a new quality basics range of Warning & Safety products to the UK aftermarket.

Providing a standard choice of **CCTV Cameras, Reversing Alarms, Beacons, Lightbars, Minibars** and **Worklamps** the programme has been developed to provide Lucas quality at an exceptional price.

Highlights from the range include eight **CCTV Camera** kits including flexible camera and monitor combinations; robust **Reversing Alarms** comprising a selection of Talking, Silent, Tanker and Piezo alarms; a new economical **Euro Beacon**; and a specialist **Agri Beacon** that is perfect for all agricultural applications.

Gary Richardson, sales and marketing director of Lucas Warning & Safety said: "The new Lucas basics range draws together a complete set of original warning and safety products into one specialist programme. We pride ourselves on offering our customers the top quality they require; whilst our direct supply structure ensures that we can deliver an effective and responsive service for which the Lucas brand is renowned."

For more information about the **Lucas Warning & Safety** programme or to request your free copy of the Warning & Safety catalogue, call + 44 (0) 113 237 5340.
