Elta Lighting barcodes warehouse

Elta Lighting is implementing a brand **new bar coding system** in its warehouse this July. The new bar code facility will maximise efficiency in the delivery process of Lucas Bulbs and Switchgear, enabling the **ultimate accuracy in ordering picking and stock management**.

A minor disruption will occur from **Friday 4th July until Monday 7th July, with no orders processed over this period of installation**.

Ordering procedures will terminate at 2pm on Thursday 3rd and recommence from Tuesday 8th July. Please bear with Elta in this time and plan ahead for any orders required.
